

WEST VILLAGE ONE CONSTRUCTION UPDATE

22 July 2016

PREPARATION FOR CONSTRUCTION TO BEGIN

Starting Monday 1 August, bulk earthworks will begin along West Village's Wilson and Little Jane Street frontages to prepare for construction.

Contractors will create the building pad and the level for the new buildings' basements.

Covered trucks will be used to remove material from the site using the Mollison Street access.

There will be increased truck traffic at various times throughout the day.

Working hours will continue to be 6:30am to 6:30pm Monday to Saturday in accordance with Brisbane City Council requirements.

Large equipment needed for the earthworks may be delivered to the site via Mollison Street outside of these times, as required and permitted by the Department of Transport and Main Roads.

Management plans for the potential for dust and noise impacts on surrounding homes and businesses will continue to be implemented, and erosion controls will be put in place.

Please call the Construction Information Line – 07 3096 0066 – if you have any queries about construction activities.
