

WEST VILLAGE ONE CONSTRUCTION UPDATE

13 January 2017

JANUARY SITE ACTIVITY

As site works continue for Stage 1 of West Village, there will be a limited number of truck movements to and from the site via Mollison Street. A water pit is in place on-site to wash heavy vehicle tyres before they exit the site, reducing the impact of dust.

EMPLOYMENT

This month we will welcome 10 new Trade Start students to the School of Construction at West Village. Trade Start provides broad insight into the construction experience to help newcomers find the right career. It provides job-ready skills through an entry-level qualification, life skills training, workplace experience and green building skills and links students with employers for real work opportunities.

For more information, visit westvillagecommunity.com.au

WORK HOURS AND CONSTRUCTION MANAGEMENT

Work hours will continue to be 6:30am to 6:30pm Monday to Saturday.

Large equipment may be delivered to or removed from the site via Mollison Street outside of these times, as required and permitted by the Department of Transport and Main Roads.

Management plans for the potential for dust and noise impacts on surrounding homes and businesses will continue to be implemented.

Please call the Construction Information Line - 07 3096 0066 - if you have any queries about construction activities.
