

## **WEST VILLAGE CONSTRUCTION UPDATE**

**12 October 2018**

### **CONCRETE COLUMNS ARRIVE FOR CAR PARK**

The basement car parking for West Village Stage 2 has commenced with concrete pours to lift cores and the delivery of pre-cast concrete columns underway to the western end of the site.

Bulk earthworks continue and will be focused in the centre sector of the site during the coming fortnight.

Locals will also see the site access off Mollison Street move up and down the street over the course of the month to best fit the works. Traffic control will remain in place as required for the safety of all.

Access along the Boundary Street footpath abutting the new park (The Common) remains altered, but open and safely navigable to pedestrians and cyclists.

### **WORK HOURS AND CONSTRUCTION MANAGEMENT**

Working hours will continue to be 6:30am to 6:30pm Monday to Saturday as approved by Brisbane City Council.

Large equipment may be delivered to the site via Mollison Street outside of these times, as required and permitted by the Department of Transport and Main Roads.

Measures such as water trucks and tyre wash down bays to manage the potential for dust impacts on surrounding homes and businesses will continue to be implemented.

Please visit [www.westvillagecommunity.com.au](http://www.westvillagecommunity.com.au) or call the Community Information Line – 07 3096 0066 – if you have any queries about the excavation works.
