

WEST VILLAGE ONE CONSTRUCTION UPDATE

28 October 2016

WILSON STREET CLOSURE

Construction activity for Stage 1 of West Village will require Wilson Street to be closed to traffic between 6:30am and 6:30pm Monday to Saturday for a period of four to six weeks from Monday 31 October.

This has been approved by Brisbane City Council.

The closure is to enable the safe installation of the building services for the approved Stage 1 of the West Village project.

This involves specialist contractors excavating part of the road along the project-side of Wilson Street and installing electrical, gas, stormwater, sewerage and water lines.

The work will start at the corner of Boundary and Wilson streets and progress towards Little Jane Street.

Safe pedestrian access in Wilson Street will be maintained at all times along the footpath on the opposite side of the street to the works.

Further, at the end of work each day (6:30pm), Wilson Street will be left in a condition where it can be driven on safely.

The project has consulted with residential and business neighbours that will be affected by the Wilson Street closure and suitable arrangements have been made.

EXCAVATION NEARING COMPLETION

Site excavation is progressing well and remains on track for a December finish.

Measures to minimise the need to break down the extremely hard quartz encountered and to concentrate rock removal from the site to particular days have been a success, restricting truck movements to just one or two days per week.

This approach will continue until excavations are complete.

WORK HOURS AND CONSTRUCTION MANAGEMENT

Work hours will continue to be 6:30am to 6:30pm Monday to Saturday.

Large equipment may be delivered to or removed from the site via Mollison Street outside of these times, as required and permitted by the Department of Transport and Main Roads.

Management plans for the potential for dust and noise impacts on surrounding homes and businesses will continue to be implemented.

Please call the Construction Information Line – 07 3096 0066 – if you have any queries about construction activities.
