

## **WEST VILLAGE ONE CONSTRUCTION UPDATE**

**27 JULY 2017**

There will be noise early **Saturday morning (29 July, 2017)** on Mollison Street and on the West Village site with the arrival of a 'low loader' to collect an excavator.

Because of its size, the low loader must be off streets under Main Roads control prior to normal morning traffic (7:00am).

To meet this Main Roads requirement, the low loader will arrive at West Village about 5:00am, and will leave as soon as the excavator is loaded.

This is expected to take about 45 minutes. We apologise for this inconvenience.

**Please call the Construction Information Line - 07 3096 0066 - if you have any queries about construction activities.**
