

WEST VILLAGE JUST GOT BETTER

**Double the parkland, double the enjoyment –
West Village just got better.**

The parkland and heritage precinct at West Village will create a legacy and a new destination for the Brisbane community.

Boundary Street Common is now paired with Mollison Green, doubling the publicly accessible park area.

The parks and laneways (now 30 per cent of the 2.6 hectare site) – will create a majestic setting for the restored heritage-listed Peters Ice Cream factory and warehouse.

LIKE NOTHING ELSE

Four laneways will create an urban experience at West Village like nothing else in Australia.

Framed by restaurants, retail and services, the laneways will contribute to a lively central precinct as well as providing connection through the site for pedestrians and cyclists.

A new shared street will allow safe pedestrian and cyclist access between Little Jane Street and Mollison Street.
